

Created by clinicians for clinicians, THERABAND is the originator and global leader in resistance bands and products.

Our proprietary formulas, processes, testing and Trusted Progression™ System ensure our clinicians' patients progress in their recovery safely, consistently and with confidence. Designed and engineered in the U.S.A., our proven science has transformed millions of lives.

THERABAND was created over 40 years ago by two clinicians to help patients recover safely and with confidence. Since then, THERABAND has transformed the lives of millions for the better. That passion is in the DNA of this storied brand. As the leader and pioneer, THERABAND is the standard that others measure themselves against; we are the originals.

Premium

Our premium products, relationships and experience are what the world has come to expect from the leader and originator. Our exacting quality standards, customer experience and value to the clinician and the patient are uncompromised and unmatched. THERABAND is Proven Science, Trusted Performance.

Confidence

Clinicians world-wide have been trained on THERABAND and place confidence in our brand. The scientific research conducted, rigorous product testing and dedication to the clinician ensure that every step of the way, you can trust THERABAND.

Leader

THERABAND is the original, the innovator and the creator of the category. THERABAND continues to set the standard of excellence. Our proprietary formulas, processes, testing and **Trusted Progression™ System** were born from that leadership.

Proven science

THERABAND is the leader with science on its side. THERABAND has been tested, validated, studied and researched to ensure superior patient safety and recovery. We control the aspects of production, from formulation to supply chain. THERABAND products comply with FDA and EU Class I Medical Device requirements.

Transformational

THERABAND was created to improve the lives of the clinician as well as the patient. THERABAND products and our **Trusted Progression™ System** have positively transformed the lives of millions world-wide.

Full range of clinical solutions
