

- Easy Neurac[®] testing and treatment
- Adaptable to all patients
- Full body suspension with three traverses

The Redcord Workstation Professional, with the triple traverse system and Redcord AXIS, enables the full range of Neurac[®] including full body weight-bearing positions.

The ONLY solution for Neurac[®] treatment

- ✓ Easy to get appropriate biomechanical positions with elastic cords
- ✓ Full range of suspension exercise progressions
- ✓ Quick adjustment of slings, straps and elastic cords
- ✓ Freedom of movement in the ropes
- ✓ Comfortable and effective management of pain
- ✓ Smooth gliding system for easy use

Visit www.redcord.com to read about the Redcord Educational program.

Neurac treatment restores optimal and pain free movement patterns through neuromuscular stimulation.
